Mission, vision and values

MISSION

At Symphony, a world leader in portable evaporative air coolers, we produce coolers for domestic, commercial and industrial users, available in 60 countries. We deliver an attractive variety of products with innovative design that offer an efficient and environment-friendly air cooling solution, which electrical consumption is extremely reduced compared with other air cooling products.

Our work allows our customers to live happily and to enjoy a healthy lifestyle, by delivering advanced technological products according world standards.

VISION

Nowadays, six out of ten portable evaporative air coolers sold worldwide are produced by Symphony. Our goal is to be known as the best producer of evaporative air coolers across the globe and to be at every house or company that needs an efficient air cooling solution. We intend to simplify our customers' lives and to improve both their houses and their offices, adding value through our products.

VALUES

- The quality of our products, the excellent work of our professionals and our wide-ranging coverage network allows us to place ourselves as the world number one producer and distributor of evaporative air cooler systems.

- This wide experience allows us to build different teams that reach the main goal of improving the environmental quality and temperature, reducing up to 90% of the electrical consumption through high-end evaporative air cooler systems;

- The efficiency, quality and technical support of our products makes us worthy of trust regarding large projects worldwide.

- The evaporative air cooler technology used by Symphony products allows air to circulate constantly, bringing fresh air and refrigeration through water evaporation and eliminating hot and stuffy air, aiming to reach a better protection of healthcare and environment.

- Commitment with environmentally sustainable company practices, capable of protecting future generations.

- Understanding of what adds value to our customers and focus on providing that added value in everything we do and offer.

- Serve our customers, challenging them ceaselessly, in order to reach maximum levels of quality in our products, without jeopardizing environmentally security standards.
AIR COOLER

Storm 100i

The world’s first intelligent tower air cooler that cools every corner of your room. That’s Storm 100i. With sleek looks, a 7-speed option, an LCD display and the entire gamut of intelligence functions thrown in, it is the celebrated combo of performance, style and convenience. It’s smart cooling for a smarter, comfortable life.

KEY FEATURES
Dura-pump technology, empty water tank alarm, on/ off timer, system restore function, space saver, powerful air throw with a 7-speed option, large 100 liters tank capacity, 3 high efficiency honeycomb pads.

FOR ROOMS
UP TO: 100 m²/1000 FT²

FLOW
5500m³/ hour

EAN CODE
8901791100288

Consumes 270 watts only
Also works on inverter power
Use it outside, use it inside
Delivers fresh, filtered cool air
Ideal functioning with fresh air flow
AIR COOLER

Intelligent air cooling arrived with Storm 70i. The world’s first digital desert air cooler with a powerful blower, intelligent functions and LCD display.

KEY FEATURES
Dura-pump technology, empty water tank alarm, on/ off timer, system restore function, space saver, powerful air throw with a 7-speed option, large 70 liters tank capacity, 3 high efficiency honeycomb pads.

FOR ROOMS
UP TO: 80 m² / 800 FT²

FLOW
3500 m³ / hour

EAN CODE
8901791100271

Consumes 365 watts only
Also works on inverter power
Use it outside, use it inside
Delivers fresh, filtered cool air
Ideal functioning with fresh air flow
AIR COOLER

**DiET**

For Rooms
Up to: 30M² / 300 FT²

Flow
1250m³/ hour

EAN Code
8901791100486

Diet 50i air cooler comes with a digital control panel and a remote control. It occupies less floor space than other air cooler systems of its category and delivers incredible energy efficiency with an electrical consumption of 170 watts only. Additionally, it comes with multiple intelligent functions.

**Key Features**

- Dura-pump technology
- Empty water tank alarm
- System restore function
- High efficiency honeycomb pad
- Full function remote with 7 hour timer
- Powerful air throw
- Large 50 liters tank capacity
- Ice chamber

**Consumes 170 watts only**

**Also works on inverter power**

**Use it outside, use it inside**

**Delivers fresh, filtered cool air**

- 1100 m³/hour

**EAN CODE**

- 8901791100479

Consumes 160 watts only

Also works on inverter power

Use it outside, use it inside

Delivers fresh, filtered cool air

Ideal functioning with fresh air flow

Feather-touch digital control panel
AIR COOLER

**Diet 12i**

**FOR ROOMS**
UP TO: 12,5 m²/125 FT²

**FLOW**
1000 m³/hour

**EAN CODE**
8901791100400

Diet 12i functions on as little as 80 watts of power. It performs silently without a hush with its blower delivering better cooling and a powerful air throw. All this with minimal electrical consumption. This air cooler model guarantees a strong performance and a fresh environment in rooms up to 12,5 m².

**KEY FEATURES**
Dura-pump technology, empty water tank alarm, system restore function, 3 side high efficiency honeycomb pads, full function remote with 7 hour timer, ice chamber.

Consumes 80 watts only
Also works on inverter power
Use it outside, use it inside
Delivers fresh, filtered cool air
Ideal functioning with fresh air flow
This little air cooler has an air throw of 7,5 meters, being the perfect solution for rooms of up to 12,5m². This hush cooler performs silently and thrives on very little energy. Its intelligent functions make it the most elegant in its category.

**KEY FEATURES**
- Dura-pump technology, empty water tank alarm, high efficiency honeycomb pads, full function remote with 7 hour timer, ice chamber.

**FOR ROOMS**
- UP TO: 12,5 m²/125 FT²

**FLOW**
- 600 m³/hour

**EAN CODE**
- 8901791100455

**Consumes 80 watts only**
**Also works on inverter power**
**Use it outside, use it inside**
**Delivers fresh, filtered cool air**
**Ideal functioning with fresh air flow**
This cooler comes with a full-function remote, a compact design and stylish looks. Particularly apt for bedroom as the air-flow can be easily set at bed level, it also comes with a sleep-timer function. But the most important part: the iFunctions. It is cooling intelligence for the world.

**KEY FEATURES**
Dura-pump technology, empty water tank alarm, system restore function, humidity control, full function remote with 7 hour timer, powerful air throw, large 26 liters tank capacity, ice chamber.

**FOR ROOMS**
UP TO: 30 m²/300 FT²
